

Prince of Peace Center has always been glad to serve the Shenango Valley and its surrounding areas. Now we want to introduce the AWESOME Program, in conjunction with the Penn State Cooperative Extension. The program is hosted at our facility.

This program allows **anyone** to enroll and attend weekly classes in order to gain meaningful knowledge, which will aid in responsibilities such as: managing money, obtaining and maintaining shelter and employment, organizing one's living environment, and even subscribing to a healthy diet.

Attending these classes allows participants to earn a stipend to be put towards any life-sustaining bill, such as rent, utilities, car repairs, mortgages, and prescriptions.

**Space is limited**, so please call the Center at (724)346-5777 and ask to schedule an appointment to meet with April Brown, our Emergency Services case manager.
